

Professional statement outline

To develop a professional statement that briefly explains who you are and what you are passionate about, follow the steps outlined.

Note: You will need a piece of paper or a blank word processing document to complete this activity

Step one

List two to three strengths that you currently have or are committed to developing (e.g., strong written and verbal communication, time management, programming, etc.).

- Excellent problem-solving abilities.
- Powerful team collaboration skills.
- Strong written and verbal communication.

Step two

List one to two values you have (e.g., protecting organizations, protecting people, adhering to laws, ensuring equitable access, etc.).

- Commitment to protect organizations and individuals.
- Emphasizing the importance of upholding ethical standards in cybersecurity.

Step three

Ask yourself some **clarifying questions** to determine what to include in your professional statement:

1. What most interests me about the field of cybersecurity?
 - a. What most interests me about the field of cybersecurity is that it is constantly evolving. I'm drawn to the idea of continuously learning and problem solving to new threats and technologies, which keeps the work both challenging and rewarding.
2. Who is the audience for my professional statement?
 - a. The audience for my professional statement is cybersecurity recruiters and organizations seeking skilled professionals to enhance their overall security strength.
3. In what ways can my strengths, values, and interest in cybersecurity support the security goals of various organizations?

- a. My commitment to protecting and prioritizing the emphasis of ethical practices can help organizations identify and decrease cybersecurity risks, ensuring the protection of sensitive data and assets.

My name is Subha Kammili. I am immensely passionate about cybersecurity and dedicated to safeguarding the security of organizations and individuals. I have effective problem-solving abilities, powerful team collaboration skills, and strong written and verbal communication. My commitment to protect organizations and individuals and the importance of ethical practices drives me to identify and mitigate cybersecurity risks. I believe I would be a great addition to the field of cybersecurity, where I am continually motivated to learn and problem-solve new conflicts and challenges, making me an asset in enhancing an organization's security posture.
